FORD *Falcon* '61
THE WORLD'S MOST SUCCESSFUL NEW CAR

OCTOBER 1987

Vol. 9, No. 3

The newsletter dedicated
to Falcon lovers
... everywhere!

THE FALCON CLUB OF AMERICA, INC. is a non-profit organization dedicated to preserving the FALCON automobile built by the Ford Motor Company from 1960 to 1970. Roy E. Sword founded the world-wide club in 1979. It is incorporated under the laws of the State of Arkansas. Yearly dues to The Falcon Club of America are \$15.00 (\$20.00 outside the United States), and are payable to: The Falcon Club of America, P.O. Box 113, Jacksonville, AR 72076.

THE FALCON NEWS is published monthly with information from its members. All ads must be sent to the Editor by the 10th of the month, with a limit of 2 free ads per member per issue (limit of 50 words per ad). Each ad must appear in a different section of the classified ads. The FCA will not be held responsible for errors. Legitimate errors will be corrected in the next issue when requested.

Comet Club, 5878 Hobe Lane, White Bear Lake, MN 55110-6466.

The Super 60's Ford Club, 10220 Loretta Ave., Cleveland, OH 44110.

Lower Mainland Falcon Owners Assoc., 13868 90th Ave., Surrey, BC, Canada V3V6L1.

NOTE TO ALL MEMBERS: The club will send out notices to each member the month before membership expires. Be sure to send your renewal in early to retain your original membership number. If you do not renew your membership within 90 days after it has expired, your membership number will be placed in the inactive file and will no longer be used by the club.

President's Message

This month I would like to start out by saying I will be trying to write some articles for the newsletter over the next year. This month I will cover the Club's Technical Advisors. We had no one for the 1967, so I will try to take this one and we can learn together. Be sure to read the article. It may be very useful to you.

We still need Chapters to host the 1989, 1990 National Meets. If your Chapter is interested contact me for details.

We have a group of members in the Eastern Pennsylvania area that are now in the process of forming a Chapter. Watch for more on this in future newsletters.

Hope to see some of you at the Regional Meet in Hot Springs, AR on October 23 & 24. Reports show there should be about 40 to 50 there. Hope you are one of them.

Roy E. Sword, President FCA

Editor's Message

Hope you enjoy this October issue. We are trying to fill each issue with as much information as possible. This makes our members look forward to getting The Falcon News each month, and we hope you already are. Many of you take the time to write now and then and we appreciate your comments. Help us with any new ideas to make the newsletter better. Why not sit down and write us today.

Each month we will try to list the new members of the club. We are excited about the growth of the membership. Don't forget to tell Falcon owners or enthusiasts in your area about our club.

Attend your local chapter functions. This helps build up the chapter and also the national club. They need your support in making The Falcon Club of America grow in your area. If there is no chapter in your location, think seriously about starting one and you will be glad you did. The rewards of having fellowship with other Falcon lovers is tremendous. There is no end to the fun and knowledge you'll gain.

Let us hear from you. Hope to see some of you in Hot Springs, AR, for our regional.

Bill and Kathy Woodell, Editors

Letter from a Member

Dear Fellow Falconers,

I recently became the proud owner of a 1963 Ford Falcon Futura Convertible. Along with all the papers in the glove box was the November 1986 Falcon Newsletter. I was very excited to discover the existence of the Falcon Club of America. I look forward to receiving my Falcon News, and trading information with other Falcon owners.

I've been a Ford devotee all my life (my father worked for Ford in Dearborn, Michigan for 33 years) and, in fact, my folks owned a Falcon when I was four years old (a 1961 Falcon). I'm very excited to own my convertible and I look forward to many days of joyous motoring in such a classic, adorable car. I'm sure my Falcon will turn many heads in New York City.

Amy Anderson, c/o Detail Group, 66 Thomas St., New York, NY 10013

1967 "Sports Coupe" Project

I would like to see how many 1967 Sports Coupes we have in the Club. Please drop me a line with your name, address and all the data plate information. When I compile all of it, I will send each one that responds, a Roster of the 1967 Sports Coupe owners. Send this ASAP to Roy Sword (1967), 629 N. Hospital Dr., Jacksonville AR 72076.

Notes from the top drawer

Technical Advisors

I would like to start out by telling all of you who need help with your Falcon to contact one of our Technical Advisors. They are here to help you and willing to devote their time in any way they can.

I am sure that if any of you are real familiar with a certain year, the Technical Advisor for that year could use your help. There is a couple of years that need a Technical Advisor. If you could help out with a year model, please contact Ken Kowalk, (Head of the Technical Advisors). As always, when writing to one of them be sure to enclose a SASE for a return answer.

Below is a list of your Technical Advisors. (Keep this handy for future use.)

Roy E. Sword, President, FCA

If you have any questions about the following years, and the answer could not be found in a shop manual, please contact the following person. HEAD OF ADVISORS: Ken Kowalk, 6138 Long Hwy., Eaton Rapids, MI 48827.

Calendar of Events

Washington - The Northwest Chapter of the Falcon Club of America announces their new, permanent meet place and time: Korum Ford in Puyallup, WA the first Sunday of each month at 1:00 p.m.

Kansas/Missouri - Mid America Falcons Chapter meets on the first Friday of every month at Santa Fe BBQ on 7 Hwy. in Olathe, KS. If interested call (913) 294-2599 or (816) 452-1967.

October 5, 1987 - Georgia - The Southeast Chapter will have an officers meeting at the home of Wanda & Gary Goddard.

October 10, 1987 - Arkansas - The Founder's Chapter will meet at Mr. K's Restaurant in Benton. We will be making our final plans for the Regional, so be sure and attend if you can. Please remember to bring Auction items, door prizes and goody bag items for the Regional. Also let Pat know if you can't attend, what refreshments you can bring to Hot Springs for the hospitality room. If you need more information, call Ezra Wingfield, (501) 565-4031.

October 13, 1987 - Indiana - The Hoosier Chapter will meet at Denny's, 4209 S. East St., Indianapolis at 6:30 p.m. For more information call Cliff Smith at (317) 736-5597.

October 23-24, 1987 - Arkansas - 4TH ANNUAL REGIONAL MEET - The Founder's Chapter will host their 4th Annual Regional Meet at the Ramada Inn Towers in Hot Springs, AR. More information is in advertisement and registration in this newsletter.

November 2, 1987 - Georgia - The Southeast Chapter will have an officers meeting at the home of Betty & Joe Peppers.

December 7, 1987 - Georgia - The Southeast Chapter will have an officers meeting at the home of Sara & Lynn Moon.

December 19, 1987 - Colorado - The Mile Hi Chapter will have their Annual Christmas Party.

August 11, 12, 13, 1988 - GEORGIA - 9th ANNUAL NATIONAL MEET. Make your vacation plans now to meet us in Atlanta for a great weekend.

Meet Reports

The Gateway Chapter met August 23 at the Bonanza Sirloin Pit in St. Charles, Missouri. Tentative plans were made to host a car show and swap meet May 14 and 15, 1988. After the business meeting pictures were passed around by the group that attended the convention in Boulder, Colorado.

The Mile Hi Chapter's regular business meeting was held on August 13. We had the biggest turnout since our club was formed. We were delighted to see so many Falcon faces. The Wheatridge Carnation Festival Parade held on August 22 had eight Falcons in the parade. We were honored to have two 1965 Sprint Convertibles in the parade. (I understand there were only 300 made.) It was a rather rainy day but that didn't stop the convertibles from having their tops down, needless to say, they were a little wet at the end of the parade. A good time was had by all and we ended the day by having lunch at Berry's Drive Inn.

The Southeast Falcon Chapter attended the Northeast Georgia Antique Auto Region 10th Invitational Car Meet, on Sunday, August 23. We left from the McDonalds restaurant in Monroe, Ga., at 7:30 a.m. in a caravan of 13 Falcons. The following people won trophies: Open Class, Alvin Roverson, 1st, 65 Convertible; Gary Goddard, 2nd, 64 Convertible; Closed Class, Marvin Goddard, 1st, 63 Futura hardtop; and Ricky Kerbow, 2nd, 64 Sprint hardtop. There will be a group of the Southeast Falcon Chapter members driving in a caravan to the Regional Meet in Arkansas in October.

The Alamo Chapter held its monthly meeting on July 12 at the Guadalupe River State Park, located on Texas Park Road 31. There were ten members and four guests present along with seven Falcons.

The Founder's Chapter met at the home of Roy & Pat Sword on August 29th. A total of 30 was present with several Falcons. The kids enjoyed swimming while the ladies set out the Potluck Dinner and the men admired the Falcons. We had two new members join the FCA. The Chapter elected officers for the new year and made plans for the Regional Meet at Hot Springs. The new officers are Ezra Wingfield, President; Bill Woodell, Vice-President; Laura Wingfield, Secretary; and Pat Sword, Treasurer.

The Partsmaster Speaks:

I would like to take this opportunity as Partsmaster of the FCA to explain what I can do for you as members. It's my job to know Falcon parts from 1960-1970 inclusive and to know the interchange of parts between models. I also try to keep a current list of vendors who deal in Falcon parts. These may be used, N.O.S. or reproduction. I study the automotive publications to keep tabs on the latest reproduction items available so that I can pass this information on to you upon request. By sending me a self-addressed, stamped envelope (S.A.S.E.) I will try my best to give you the most accurate and current information possible.

Over the past two years I have received about 175 requests. I try to answer as soon as possible. Sometimes, due to a particularly hard question that requires research, or due to my own scheduling, I may not get back to you as soon as hoped.

If anyone has parts to sell or trade or has cars to be parted, I would appreciate hearing from you. I would be glad to put you in contact with the right person in the club who needs that special part. Please feel free to use your Partsmaster.

The Falcon Club of America wants to help you and your Falcon(s).

Dave Jones, Partsmaster, Box 565, Parachute, CO 81635

A Great Christmas Idea!!!

Order that special Falcon lover a Falcon Club of America limited edition belt buckle for Christmas. Due to the great response from members, Ellen O'Dell has ordered 100 buckles and they are now available for Christmas orders.

Place your orders by December 10 to receive in time for Christmas. See the address for the Club Store on page 19.

Attention 1965 Hardtop, Sprint and Futura Owners

I am interested in putting together a roster of all 1965 Hardtop, Sprint and Futura Owners. Please send me your complete data plate information and also if there has been changes from a six to a V8 or 3-sp to 4-sp, etc. Please also include parts cars.

I will compile this information and prepare it for the newsletter for publication.

Mike McCarty, P.O. Box 1114, Red Bluff, CA 96080.

Technical Help

I have been digging around in some old "Shop Tip" Magazines from Ford and I came up with these that I feel will be of interest to the members.

ACCELERATOR LINKAGE— DAMAGE WHEN RAISING OR JACKING UP ENGINE— 1963 Falcon with Eight Cylinder Engine

When raising or jacking up the eight cylinder engine in the 1963 Falcon for any reason, such as engine mounts replacement, etc., disconnect the accelerator shaft arm from the accelerator pedal shaft. This must be done to avoid damage to accelerator linkage components. Should any accelerator linkage components be damaged, the damaged items should be replaced.

POOR COLD ENGINE STARTING—260 and 289 C.I.D. 2V Engines—1964

Poor cold-engine starts, due to low engine idle speeds, may be caused by the fast idle adjusting screw riding over the top of the high step on the fast idle cam, or the fast idle cam falling down beyond the unloader tang. This condition can be readily diagnosed by running the engine at about 2000 R.P.M. Rotate the fast idle cam adjusting lever upward and allow the engine to return to idle. A low idle R.P.M. may indicate the fast idle adjusting screw is not in contact with the cam (refer to Figure 1), while a high idle R.P.M. indicates the adjusting screw is on the high step of the cam.

The cam fall-down problem can be corrected by bending the dechoke arm on the fast idle throttle lever inward

ERRATIC OR INOPERATIVE ELECTRIC WINDSHIELD WIPERS—1963 Falcon

In the event of a windshield wiper not shutting off or parking properly, the cause may be the switch shaft binding in the switch retaining nut. Some wiper control nuts have been noted to have the switch-shaft guide hole not concentric with the threads. This will cause the switch shaft to bind.

If this situation is encountered, the hole in the windshield wiper control switch nut should be enlarged to .250 inches. While the nut is off, remove the switch from the panel and file off any burrs at the "D" hole in the instrument panel switch mounting bracket.

(toward the throttle shaft). The arm should be bent inward sufficiently (eight degrees minimum) to prevent the cam fall-down as well as unloading the choke. (Refer to Figure 2.)

Check the dechoke plate clearance. This is the distance between front edge of the choke plate and the air horn at wide throttle with a cold choke (plate initially closed). This should be 1/8 in. minimum. If necessary, bend the dechoke arm toward the fast idle cam hub to increase the dechoke clearance.

Set the fast idle R.P.M. to the following specifications (with the screw on the kick-down step of the fast idle cam as noted by the arrow mark).

260-2V and 289-2V Engines:
Automatic Transmissions—
1600 R.P.M.
Standard Transmissions—
1300 R.P.M.
